THE PALACE COLLECTION

Hipotels Hipocampo Palace

This luxury hotel and spa is located just 100 metres from the beach in the Cala Millor area. Along with excellent service and an unbeatable location, the most characteristic feature of this hotel is the extensive garden, over 19.000 m2, which completely surrounds the hotel and provides a fresh, relaxed atmosphere throughout. The 203 rooms, modern and elegant, provide guests with everything they could need for a uniquely comfortable stay. Forget about everything and just enjoy your holiday, meet friends and have a chat in the bar or spend the afternoon relaxing on a Bali bed by the pool.

SON SERVERA

Pula Golf

Pula Golf was founded in 1995 and completely redesigned by José María Olazábal between 2004 and 2006 in order to satisfy the demands of international and professional golf. It has been transformed into a large and neat golf course, par 72 of 6.246m and par 70 for professionals.

The large Driving-Range can be used from both sides with one side covered. The Short Game area offers one large Chipping green, one pitching green for shots up to 30 meters and one Pitching green for shots up to 65 meters. Two Putting-Greens right next to the Clubhouse round up the practice area. Pula Golf has become the scene of very important events like the PGA European Tour Championships Mallorca, Mallorca Skin Games or Olazábal & Nadal Invitational, among others. Bourdy, Hanson, Jiménez, Gonzalo Fernández Castaño, Álvaro Quirós, Olazábal, Darren Clarke, Molinari, Kaymer, Sergio García, Rafael Nadal and Pep Guardiola... are some of the great personalities that have played in Pula Golf.

ALCÚDIA

Club de Golf Alcanada

This Robert Trent Jones jun. designed 18-hole golf course opened in 2003. Situated in the northern part of the mediterranean island of Mallorca, Alcanada is located right by the sea. The name giving island with its lighthouse, just off the shore, can be seen from most of the holes. Apart from the splendid sea view, the players are surrounded by pine and olive groves. Even though a young course, Alcanada is already recognized by a number of well known golf magazines and golf guides as one of the finest courses in Spain and Europe.

To complete the package, a comprehensive golf academy with a spacious short game area, a roofed driving range, video room and multi-lingual PGA staff is available on site. The club does not just pay lip service to quality in Alcanada, all staff on and off the course are dedicated to make every golfers round memorable.

CANYAMEL

Canyamel Golf Club

Canyamel Golf has a course with two totally different rounds. Its first nine holes with a lot of movement are fairly difficult, but special mention should be made of difficult Hole 2, splendid Hole 9, and the magnificent panoramic view which Hole 5 offers us, from where the island of Minorca can be seen perfectly. Its second nine holes are flat and longer than the first nine, but very pleasant to play, both in winter and in summer. Canyamel Golf Course was revised by the European P.G.A., who proposed a series of modifications which have been carried out. The P.G.A. has classified it as an ideal course for playing an Open event.

The entire course is exceptionally well-tended, but its finest qualities are the impeccable upkeep of its fairways and the excellent quality of its greens, which can be ranked among the best in Europe. The location of Canyamel is just five minutes from the caves of Artà and Canyamel beach. Both Capdepera and Cala Ratjada and various 4 and 5 star hotels lie just 10 minutes from the Club.

CAPDEPERA

Capdepera Golf

Welcome to one of the most beautiful courses on the island. Here in the North-East of Majorca you will find peace and tranquility as you play lovely holes – without an attached urbanization. Undisturbed, nature at its best! Our 15th hole was voted the most exceptional hole on the island by Mallorca Magazine.

US Golf-Architect Dan Maples fashioned a course that pays tribute to the local 4,000 year old legacy of Mallorquin farming culture. Atmosphere is what Capdepera is all about. Here we combine fun and relaxation on the golf course with excellent food and a wonderful setting in our renowned restaurant. We look forward to your visit!

S'HORTA

Vall D'Or Golf

Vall D'Or is an 18-hole golf course par 71, 5,538 meters long from white tees. It combines two completely different landscapes in the first and second round. The front nine holes have rolling fairways surrounded by a forest of pine, almond and olive trees. The back nine holes have wider and more uneven fairways that go down towards the coast.

The greens, protected by bunkers, welcome all approach shots. It is an average-difficulty golf course but quite entertaining, and with magnificent views of the Mediterranean Sea.

CALVIÀ

Real Golf de Bendinat

Opened in 1986 as a nine-hole course and extended in 1995, there is plenty of regal charm about Real Golf de Bendinat. At 5660 metres (6190 yards), the par-70 course requires strategy, skill and placement rather than brute force and power to reap your rewards. Many of the 18 holes are dog legs and it is by no means easy with trees and water in abundance on a course situated just a 20-minute drive from Palma. Designed by Martin Hawtree, the course makes the most of its beautiful location in a wooded valley at the foot of a mountain with some breathtaking views of the surrounding area, particularly on the back nine. The backdrop of the imposing Bendinat Castle adds to the experience and the honorary president of the club is none other than King Juan Carlos of Spain. The royal connections don't end there either with HRH Prince Andrew the Duke of York, HRH Princess Brigitte of Sweden and Hollywood royalty – Oscar-winning actor Michael Douglas – among those to have played this fine course down the years.

CALVIÀ

Golf Santa Ponsa I

The first of the two Santa Ponsa golf courses opened in 1977 and is the third oldest club on the island. The par-72 course measures up at 6,543 metres (7,155 yards) from the back tees and boasts one of the longest par-fives in Europe – the 590m (645 yard) 10th. Designed by Folco Nardi and Pepe Gancedo, Golf Santa Ponsa I is a long and challenging course with lakes and a great variety of trees. Wide fairways allow the longer hitters to commit to their tee shots but any golfer’s short game will face a stern examination as well. Golf Santa Ponsa has also hosted European PGA Tour events on several occasions with legendary Spaniards Seve Ballesteros and Miguel Angel Jimenez among the list of champions to have triumphed at the venue.

ARABELLA GOLF SON
MUNTANER

MALLORCA

PALMA

Arabella Golf Son Muntaner

One of three 18-hole golf courses making up Arabella Golf, Golf Son Muntaner opened in 2000 but has plenty of historic connections. The 6,305m course is situated in a beautiful spot between the mountain range of Na Burguesa and the Bay of Palma. But although the course is a relatively new addition, a 1000-year-old olive tree on the 15th hole – Na Capitana – which is landmarked by the government of Palma de Mallorca, shows how the landscape has been used sensitively. It's a memorable golf course with remarkable greens and a real eye for detail.

ARABELLA GOLF SON
QUINT

MALLORCA

PALMA

Arabella Golf Son Quint

One of the three courses which make up part of Arabella Golf, Golf Son Quint is the youngest golf course of the island, established in 2007. Perched high on the hillside, the par-71 course provides splendid views – notably from the eighth tee where the Bay of Palma and the wonderful cathedral can be seen. With a wide range of native vegetation, there is an authentic, mediterranean atmosphere to the modern and elegant course. At 6,021m it is a lengthy test for golfers of all abilities. And Golf Son Quint also offers some great facilities for golfing novices or for experienced players to sharpen skills with an excellent nine-hole short course at the venue.

ARABELLA GOLF SON
VIDA

MALLORCA

PALMA

Arabella Golf Son Vida

The oldest golf course on the island of Mallorca – Golf Son Vida – is part of Arabella Golf and deserves its legendary status. A host venue to the Balearic Open on the European Tour in the 1990s – the great Seve Ballesteros won the event in 1990 – the course layout has stood the test of time and continues to attract golfers from all over the world. There is a feeling of tradition and history as the fairways wind through the prestigious Son Vida estate but the technical design, speed of the greens and need for accuracy creates a memorable experience at this 5,601m par-71 course. The stunning par-five 18th hole is a fine finishing hole with a tempting risk-and-reward feature to carry the water for the more adventurous. It's a golf course that will leave you with many fond memories.

BUNYOLA

Golf Son Termes

Built in 1998, this 5,598m (6,122 yards) par-70 course offers a good test for golfers of all abilities in a fabulous setting. It's a hilly course surrounded by mountains and takes full advantage of its location with ravines and the natural environment integrated into the experience. While the length of the course is not the biggest difficulty, fast greens and accuracy is required with bunkers and trees providing the golf course's main defence. It also boasts a fine finishing hole – a dog-leg left before you retire to the elevated clubhouse with superb panoramic views.

JEREZ

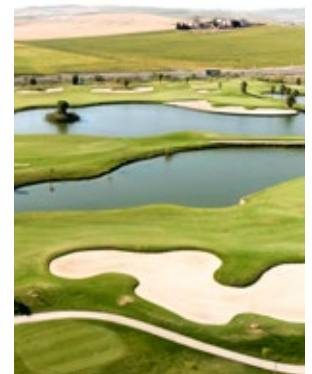

Sherry Golf Jerez

Designed by Global Golf, appears like an accessible course for amateurs and challenging for professionals. Proof of it are the many important tournaments we had the honor to host, like the Spanish Open Amateur Championship (twice), the Seniors International Championship, the European Father&Son tournament or the Volvo Amateur Masters. We are also the official venue of the 2nd Stage of the European Tour Qualifying School.

The layout is characterized for being one of the most pleasant walkthroughs in Spain:

- 18 holes Championship course: 6572 meters, Par 72
- Pitch & Putt course: 911 meters, Par 27

	Course Rating	Slope

LA ESTANCIA GOLF

CHICLANA DE LA FRONTERA

La Estancia Golf

The course, located within a wholly natural environment, is a 72 Par peppered with protected areas which have been respected in the design of the course and which highlight its beauty, encouraging the player to use different strategies for each hole. The dominant winds, the East and West winds, make for a different game every day. The lakes and streams, as well as forming a significant part of the game, are the natural habitat for the more than 25 species of birds that accompany the player during his/her route around La Estancia.

La Estancia Golf is a course which players of all handicaps can enjoy, presenting different challenges for each level of play, and being very convenient for walking. It also has a large fleet of buggies. Another of the main characteristics of La Estancia Golf are its large, undulating greens which permit many flag positions and give the sensation of playing a different course on each occasion.

Holes 18 - Par 72

VEJER DE LA FRONTERA

Montenmedio Golf

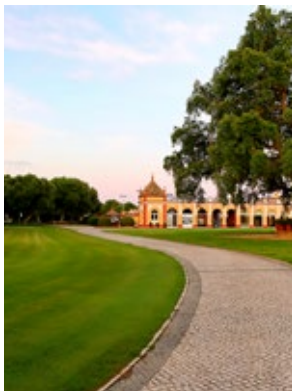

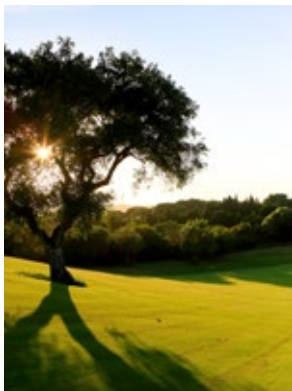

Montenmedio golf course (6.260 meters, 18 holes and par 72) is different from all other Spanish courses. Not a single building affects its fairways and greens. It is surrounded by forests of wild olive, cork oak and pine trees and has impressive views of the Atlantic, the white villages such as Vejer de la Frontera, Benalup and Medina, and also of the African coast of Tanger and Espartel.

Playing its 18 holes is always fun and surprising: deer, rabbits, ducks and other animals accompany the player along his gentle round. The club house is designed in neoclassic Andalusien style with Asian influences and subtle furnishings and offers excellent golf services as pro shop, restaurant and swimming pool opened in summer.

As Severiano Ballesteros said in an edition of the OKI Tour, “Montenmedio is one of the Golf Courses that no golfer should miss”.

LANZAROTE

Costa Teguiise Golf

Lanzarote is one of the seven islands that rise out of the Atlantic Ocean to form the Canary Island Archipelago and its unique characteristics make it the most peculiar of the islands. In 1993, Lanzarote was declared a Biosphere Reserve by UNESCO. The volcanic landscapes seem to merge with lush vegetation. All in all, this is an ideal setting in which to find paradise while playing golf.

This golf course is located at the foot of an old volcano, and it's got stunning views of the Atlantic Ocean. The Course has a route of 18 holes designed by the British John Harris and built in 1978.

The design of the course is soft and varied with numerous dog legs which provoke the golfer and force you to play with all the golf clubs in the bag, entailing a challenge for the professional player as well as offering an attractive and pleasant golf for those whose skills are more modest. The paths are closed by a set of more than 3500 palm trees.

LANZAROTE

Lanzarote Golf

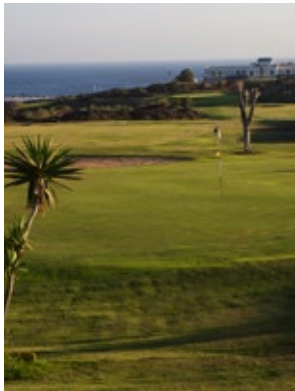

All over Europe golf is the most suited sport to be played in warm seasons. Here at “Lanzarote Golf” you can play your favorite sport 365 days a year enjoying a wonderful climate conditions, a stunning view over the Atlantic Ocean and a course which captures the beauty and atmosphere of this unique volcanic island.

“Lanzarote Golf” is located on the Canary Island of Lanzarote, a tourist destination which can be reached from all main European cities. It is situated in the main tourist area of Puerto del Carmen just 5 minutes from some of the best hotels and beaches of the island and just 10 minutes driving from the airport.

A modern 18-hole golf course par 72, it was created by the well-known American designer Ron Kirby who adapted the original land, with its attractive undulations in keeping with the idyllic landscape of Lanzarote. (Kirby – “I want the course to be fun and enjoyable for all players but never regarded as easy”).
